## FEATURED PARTNER

Vanguard Business Solutions and Consulting Pte. Ltd.

Sweety Home Industry is a leading furniture and home appliance manufacture, distributor and retailer. Produmex WMS allowed them to automate and streamline their warehouse operations. In particular, mobile handling, internal logistics and pick and pack automation is the key element.

## Customer Challenges

- Difficulty in stock management
- Heavily rely on manual paper for records and transactions
- Manual reconciliation and double entries wasted a lot of time from our employees. We had no automation to handle those tasks.
- We experienced a delay in warehouse distribution, loss of stocks, and inventory mismatched which created a heavy workload on our employees.

## Solution

- Complete WMS solution fully integrated to SAP Business one with continuous future enhancement.

## Results

- Real-time inventory entries including accurate batch management.
- Efficient inventory movement in real-time.
- We have reduced time in stock findings and allocations.
- Real-time inventory visibility.
- Paperless WMS transactions.
- Efficient manpower by using WMS.
- Improved warehouse bin location.

*"WE WERE ABLE TO AUTOMATE OUR WAREHOUSE MANAGEMENT OPERATIONS WHICH SAVE US MONEY AND PUT US IN A GREAT POSITION TO GROW. WE HAVE ALREADY SEEN GREAT IMPROVEMENTS SO FAR"*
